

INCLUSIVE EDUCATION NETWORK MEETING

What makes a classroom work
well for all children?

Parents, teachers & others interested in supporting
all children to be included are invited to hear;

Dr Jude MacArthur,
Senior Lecturer, Institute of Education,
Massey University

share some practical ideas on inclusion in the
classroom.

Jude is part of the team responsible for the Postgraduate
Diploma in Specialist Teaching, coordinating the
endorsement in Complex Needs. Her background is in
primary teaching, teacher education and disability research.
Jude has a particular interest in the development of socially
just, inclusive school communities that welcome, value and
respond to diversity.

There will be plenty of opportunity to consider and
discuss practical ideas that can be used to make a
difference for your child and in your school.

Please bring a donation to help cover costs
(suggested amount \$10)
